This book helps professionals and paraprofessionals learn what they need to know to get started as well as pointing them to additional resources in areas where they might want more advanced information. This practical guide teaches librarians and paraprofessionals to develop systems and create plans for programs and partnerships with teachers and other professionals to set them up for success during their first year in the library. A timeline helps map out the rhythm of a school year. The quick start library guide introduces paraprofessionals to library science topics such as cataloging, collection development, and weeding. It covers topics specific to the school library such as reading levels, book fairs, and author visits. Each section includes suggested resources for more in-depth learning. Librarians and paraprofessionals will be able to use this valuable straightforward guide to hit the ground running in their new role.

This collaborative volume offers an in-depth portrait and valuable reference for the development of clinical or school embedded partnerships in teacher preparation by drawing on the decades-long partnership between a university and set of schools in an urban neighborhood in the midst of a national movement towards partnership-based clinical teacher education. This book explains and illustrates the roles, commitments, and collaborative practices that have evolved, divided into three parts. Contributors outline the theory and practice of the clinical teacher preparation model and its neighborhood focus, covering topics such as the social and institutional context of partnership development and teacher education, key collaborative and learning practices, challenges and questions that have emerged, and what can be learned from the experience. Written with voices of university faculty, school educators, program graduates, and students from partner schools, Thomas Del Prete offers a volume perfect for those looking to be inspired by an example of clinical teacher education and partnership in an urban community and to learn what can be achieved with conviction and perseverance over time.
